

Chair

Subject: Bills to ban gassing

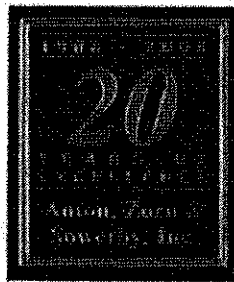

Dear Senator Hune and Agriculture Committee Members,

I am the owner of the largest commercial real estate firm in Macomb County, Michigan, Anton, Sowerby & Associates. I am also the founder of "Meet Your Best Friend at the Zoo" and "Pet-A-Palooza" the nation's largest adoption events for homeless cats and dogs both proudly held in Michigan. Please support an end to poison gas. It's bad enough that homeless pets die in shelters across our state everyday through euthanasia by injection in a humane manner much less choking to death on poison gas. End poison gas now.

Thank you,

Joe Sowerby
